

Music workshop

For those who want to relax and clear their head with rhythms of Latin American, jazz, folk music or spirituals. For you who would like to sing or play a musical instrument. Music qualifications not necessary, joy and enthusiasm are enough. Let's sing and play together without any obstacles or prejudices. At the workshop you can borrow some rhythm instruments, only take your vocal cords with you. Milada Janatková will encourage you during the workshops. (www.milijanatkova.carbonmade.com)
