The Center for Machine Perception, CTU Prague (CMP),
The RCI Center of Excellence and
The Czech Pattern Recognition Society (CPRS)

invite you to

The 45th Pattern Recognition and Computer Vision Colloquium, Autumn 2019

October 3, 2019

Czech Technical University, Faculty of Electrical Engineering,
Karlovo namesti 13, Building E, 1st floor, room 107 (Zenger's lecture hall).

Programme

11:55–12:00 Welcome and speaker introduction.

12:00–12:45 **Bryan Russell** (Adobe Research, USA)

Moments and Bounces.

13:30–14:15 **Martin Danelljan** (ETH Zurich, Switzerland)

Visual tracking: from correlation filters to end-to-end discriminative model prediction.

14:15–15:00 **Orest Kupyn** (Ukrainian Catholic University, Lvov)

DeblurGAN-v2: Deblurring (Orders-of-Magnitude) Faster and Better.

15:30–16:15 **Tomas Svoboda** (CMP Prague, Czech Republic)

DARPA Subterranean Challenge: Multi-robotic exploration of underground environments.

16:15–17:00 **Matteo Poggi** (University of Bologna, Italy)

On the synergies between machine learning and stereo.

17:00 – CMP visit (laboratory, demos, posters), informal discussion.

Attendance is FREE, but registration by filling web form is required.

Programme and organizing committee:

Jiri Matas (matas@cmp.felk.cvut.cz), Eva Matyskova (matyskov@cmp.felk.cvut.cz)
